

Compass Crypto Reference Index JasmyCoin (CCRIJASMY)

Description

The Compass Crypto Reference Indices (also called the CCRI) measure hourly crypto exchange rates against US Dollars for the main cryptocurrencies. Indices are computed hourly, every day of the year. They are calculated at the end of every hour and are published around 5 minutes after the end of the hour.

CCRI have been designed to provide institutional investors with independent and robust cryptocurrency reference prices. Based on a resilient and BMR compliant methodology with the EU Benchmark Regulation (EU BMR), they serve as independent and transparent reference prices to value cryptocurrency portfolio or as benchmarks for investors willing to issue investment products tracking cryptocurrencies prices.
